This free three-hour workshop on environmental topics is relevant to realtors, appraisers and local government officials (e.g. building officials, community development staff, public works superintendents and reference librarians).

The workshop will include presentations on:

- Minnesota Well Index database of water wells;
- Anoka County Wellhead Protection map application;
- Loans for well and septic repair and well sealing; and
- Private well testing

The workshop is limited to 50 participants. Please register through the [link](http://www.KnowTheFlow.us) on the Know The Flow (www.KnowTheFlow.us) website or contact Bart Biernat (763-324-2407, Bart.Biernat@co.anoka.mn.us) at Anoka County Environmental Services.
